Project

21 Wapping Lane
 Tower Hamlets
 London E1W 2RH

Project Brief

In consultation with Essex Services Group PLC, Thermotec were asked to provide a complete design and installation scheme, in compliance with the latest environmental and technological heating systems.

Scope of Works

Thermotec carried out the design, supply and installation of Tacker Heating System and standard dial thermostats throughout the apartments

Project Value: £173m

Project Details

The five-block mixed-use development is 20 storeys in height and has 379 apartments adjacent to East London's historic Tobacco Dock. It features a curved facade and sculptured terracing.

The scheme contributes positively to its local surroundings and has acted as a catalyst for other improvements in the area including the re-launch of a local events venue and the development of the site adjacent to the scheme by a major bank
