Project

South Bank Tower

Southwark
London

Project Brief

In consultation with Essex Services Group PLC, Thermotec were asked to provide a complete design and installation scheme, in compliance with the latest environmental and technological heating systems.

Scope of Works

Thermotec designed, supplied and installed our Aquafloor underfloor heating plate system.

Project Value: £299k

Project Details

The Mace Group have created a modern riverside development. South Bank Tower is a majestic architectural statement, built in the Modernist tradition of clean lines, unadorned finishes and light-flooded rooms.

8,000 m²

Assured
Quote
Warranty

Our knowledge and experience in the mechanical & electrical sector allows us to accurately research and analyse every aspect of the project detail. Through rigorous checking and double checking of our client brief, we assure our written quotations for an 100 days, unprecedented in our industry. Giving you an assurance that our quote, is our final quote, without extras.

Standard terms apply Although the warranty quoted above includes construction services because of the broad definition of the term "Work," construction contracts often contain explicit warranties of the adequacy of construction services. An example of such a warranty is the following: "Contractor warrants to Owner that construction and related services provided hereunder shall be performed in a good and workmanlike manner, by workers who are appropriately trained and experienced in the work being performed, and in accordance with all requirements of the contract documents, industry standards for projects of similar type and quality, and all applicable laws, codes, regulations and other requirements, including safety requirements."
