Project

The Cherry Trees  
Surrey

## Project

**Self Build Project**  
Surrey

### Project Brief

In consultation with a self-built client, Thermotec were asked to provide a complete design and installation scheme, in compliance with the latest environmental and technological heating systems.

### Scope of Works

Thermotec carried out the design, supply and installation of the external ice and snow melting solution.

### Project Details

The robust heating wire systems are suitable to protect driveways, car parks, pathways, steps, loading ramps and bridges. When used in conjunction with intelligent thermostats they provide an energy efficient and fully automated heating system. Thermotec's External Ice and Snow Melting Solutions can be used beneath virtually any surface to ensure it remains free from dangerous ice and snow build-up.

Custom made ice and snow melting thermostats monitor both the ground temperature and the moisture level to ensure that they only operate when they are really needed.

50 m<sup>2</sup>

#### Iceguard External Ice/Snow Melting Solution

- 1 Expansion edging strip
- 2 Screed minimum 65mm
- 3 Aquafloor heating pipe
- 4 Heating pipe rail
- 5 Foil faced insulation min 25mm
- 6 Solid sub-floor

Unsurpassed in logistics and project planning. Assured quality installations for the mechanical and electric sector.

<b>Assured Quote Warranty</b>	A circular logo with a white checkmark on a black background, with the text '100 DAY ASSURANCE' below it.

Our knowledge and experience in the mechanical & electrical sector allows us to accurately research and analyse every aspect of the project detail. Through rigorous checking and double checking of our client brief, we assure our written quotations for an 100 days, unprecedented in our industry. Giving you an assurance that our quote, is our final quote, without extras.

**Standard terms apply** Although the warranty quoted above includes construction services because of the broad definition of the term "Work," construction contracts often contain explicit warranties of the adequacy of construction services. An example of such a warranty is the following: "Contractor warrants to Owner that construction and related services provided hereunder shall be performed in a good and workmanlike manner, by workers who are appropriately trained and experienced in the work being performed, and in accordance with all requirements of the contract documents, industry standards for projects of similar type and quality, and all applicable laws, codes, regulations and other requirements, including safety requirements."
